Precursor Systems Now ACTC Certified

Contact: Alex Narvey

Precursor Systems is pleased to announce that company founder Alex Narvey is now an Apple Certified Technical Coordinator.

The ACTC program is Apple's second level certification and adds on to the base level of Apple Certified Help Desk Specialist which Mr. Narvey achieved earlier this year in June.

Apple says the "Apple Certified Technical Coordinator (ACTC) certification verifies a foundation in Mac OS X and Mac OS X Server core functionality and an ability to configure key services and perform basic troubleshooting of the essential Mac OS X and Mac OS X Server capabilities."

In addition to our certifications, Precursor Systems is proud to have been a member of the Apple Consultants Network since its inception.

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
