Contact: Alex Narvey

Precursor Systems is pleased to announce that for the third year running, founder Alex Narvey has achieved the level of Apple Product Professional.

Apple Product Professional is a special designation from Apple's Sales Training department and reflects a high level of achievement in that program.

The Apple Sales Training program includes online courses and web-based seminars, podcasts, videos, CD/DVD delivered courses, and onsite seminars and training conducted throughout the year by Apple's own staff. To achieve the level of Apple Product Professional, Mr. Narvey successfully completed a multitude of online courses supported by web-based seminars, podcasts, videos and pdf documents and participated in various other live events.

"I'm happy to have achieved Apple Product Professional level again," said Narvey, "Apple' training has been very helpful in filling in the details and gaps that might be missing when I bring my knowledge to bear on a customer's situation."

Precursor Systems was founded in March 1994 by Alex Narvey to provide support for computer-based professionals in the Publishing, Printing, Prepress, Digital Imaging, Audio and Video industries.
